

Field Service Engineer Genoa

About Telemar

For over 75 years, our maritime journey has been fuelled by expertise and innovation. We're not just a service provider; we're offering a dynamic blend of bridge electronic solutions, onboard and maintenance services.

We don't just adapt; we thrive on constant innovation. Telemar is an expert partner who supports more than 3,000 vessels, rely on our tailored services. We're not just about cutting-edge technology; we're a navigational ally, enhancing safety and operational efficiency by keeping costs down.

Role description

This is a full-time role for a Field Service Engineer at Telemar's Genoa location.

As a Field Service Engineer, you are responsible for the installation, repair, troubleshooting and maintenance of maritime navigation and communication systems.

Qualification, skills & requirements

- Experience in installing and maintaining navigation and communication technologies
- Team player
- Flexible, resilient and good at taking the initiative
- Excellent customer and service skills
- Strong verbal and written English
- Ability to travel worldwide
- Valid Passport and Driver's license
- Preference for LRC or GOC radio license
- Fault analysis of equipment and systems onboard as well as system check about the required spare parts, interpret schematic diagrams, use manufacturer's manuals and use your knowledge of electronics
- Perform radio inspections according to IMO and Class authorities
- Ensure on-time commissioning and handover to clients, attending sea trials
- Complete all required documentations such as service reports and acceptance protocols
- Optimize utilization of technical and applications tools

What we offer

- A modern, dynamic and international environment with development opportunities
- A collegial environment
- Great opportunity to increase your technical experience in a continuous evolving field
- Permanent certification program on equipment and maritime rules
- Telecommunications CCNL framework

Our Commitment

Our Corporate Social Responsibility approach is part of the Marlink DNA to develop our business and people operate responsibly. Marlink has incorporated and respects the Ten Principles of the UN Global Compact into our strategies to establish a culture of integrity, value, trust and innovation.

The Marlink Group is a transnational organization and considers cultural diversity as one of its greatest strengths. Additionally, we support diversity in race, gender, religion, national origin, political opinion, sexual orientation, social origins, age and physical or mental character.
